DOUBLE WEDDING RING--A MODERN MARRIAGE

No curved piecing! No football-shaped pieces to set in!

Border it, band it, change the colors on the rings!

Make it as traditional as you want, or learn how to change it up into a whole new concept. The flexibility and versatility of this block is surprising!

This can be made as a wall-hanging, but it can easily be changed to a table-runner, a pillow or even a full-sized quilt.

The wall-hanging with 4" rings can be made in a full-day class. Instructions are also given to easily change the size of the rings from 4" to any size you want.

16" x 16" and up (or down).

Pattern required in class. \$10. Includes 3 full sized templates for 4", 6" or 8" squares, directions for changing the size of the rings, and 3 finishing techniques.
