

May 2023

Father's Day is June 16, 2024! That got me thinking about what we can make for the men in our lives? I have three sons and they know they can always expect homemade gifts from me during the holidays. It's not easy to find items to make for men. Over the years I have made notebook covers, lint removers, stuffies, luggage tags, cord keepers, shopping bags (they also go to the grocery store), etc. Here is a list of items they may not know they need.

*Car Seat Organizer: Great for those long road trips

*Over the Seat Car Organizer: This is a large pocket to put books or other larger items.
